## Home Helpers List ~~ Updated August 2016

I cannot guarantee the work of these folks but they have worked for me or been referred to me. I will continue to use them until they prove otherwise- this is my disclaimer! I have some secret folks, too. When you call them, mention my name. Please call me with any questions. Please call me or e-mail me with any questions and your evaluation of their work. I would appreciate your feedback. *Joan.*
